The screenshot shows the EIONET Central Data Repository interface. The top navigation bar includes links for SERVICES, REPORTNET, TOOLS, and TOPICS (ETCS). Below the navigation, a breadcrumb trail indicates the user's location: You are here: Eionet » CDR » Spain » European Union (EU) obligations » INSPIRE Directive » INSPIRE Directive: Monitoring Information.

The main content area displays the "Delivery 2018" report for the INSPIRE Directive. The report details the number of indicators for monitoring implementation and use of spatial information infrastructure in Spain. It includes sections for Description, Obligations, Period, Coverage, and Status. A "Note" section provides instructions for staying updated about events in the envelope. A "Files in this envelope" section lists two documents: "Indicators_INSPIRE_2017_Spain.pdf" and "Indicators_INSPIRE_2017_Spain.xml". A "Feedback for this envelope" section shows a single entry: "Confirmation of receipt" posted on 14 May 2018.

Campaña del Seguimiento 2018

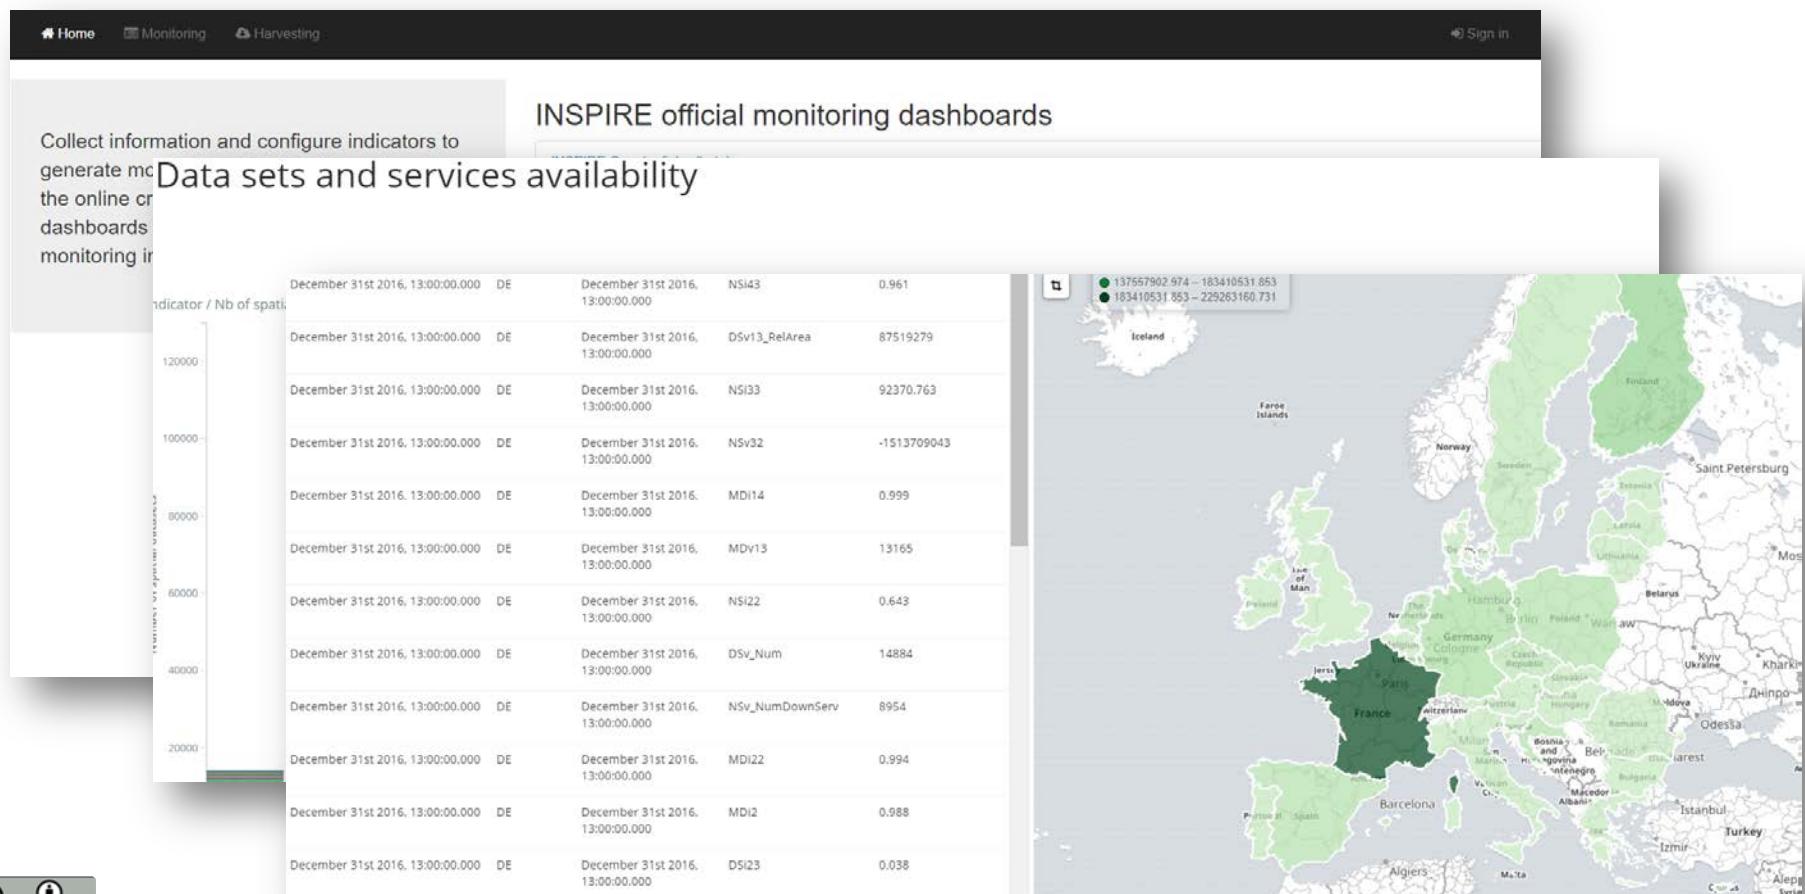

- Fecha límite 15 Mayo
- Guia de reporte para navegar entre las herramientas
- Formulario web EIONET e INSPIRE sandbox dashboard para calcular y editar fichero de seguimiento
- INSPIRE sandbox dashboard actualizado en febrero 2018 (Kibana)
- A dia de hoy, todos los paises menos uno han reportado
- Aunque no obligatorio, la mayoría de los países han usado el INSPIRE sandbox dashboard

Cambios en el seguimiento e informe INSPIRE

- **Propuesta de nueva Decisión** presentada ante el MIG en junio (aprobación antes de fin de año):
 - Los informes trianuales desaparecen
 - Estados Miembros sólo deberán actualizar los informes resumidos (“country fiches”)
 - Indicadores de seguimiento se calcularán sólo en base a los catálogos nacionales
 - Menor número de indicadores pero más relevantes
 - Nuevos indicadores sobre conjuntos de datos prioritarios y sobre el ámbito geográfico
 - La fecha límite pasa a ser el 31 de marzo
- **Integración** del seguimiento con el **geoportal INSPIRE**
 - 2019 será año de transición

Article	#	Definition
Art. 3 Monitoring Availability of spatial datasets and services	Dsi1.1	Number of spatial data sets for which metadata exist
	Dsi1.2	Number of spatial data services for which metadata exist
	Dsi1.3	Number of spatial data sets for which the metadata contains a keyword from a registry provided by the Commission indicating that the spatial data set is used for reporting under the environmental legislation
	Dsi1.4	Number of spatial data sets for which the metadata contains a keyword from a registry provided by the Commission indicating that the spatial data set covers regional territory multiplied by a hundred and divided by the number of spatial data sets as given by indicator DSi1,1
	Dsi1.5	Number of spatial data sets for which the metadata contains a keyword from a registry provided by the Commission indicating that the spatial data set covers the national territory multiplied by a hundred and divided by the number of spatial data sets as given by indicator DSi1,1
Art. 4 Monitoring of the conformity of metadata with Regulation (EC) No 1205/2008	MDi1.1	Number of spatial data sets for which metadata are in conformity with Regulation (EC) No 1205/2008 multiplied by a hundred and divided by the number of spatial data sets for which metadata exist as given by indicator "DSi1,1"
	MDi1.2	Number of spatial data services for which metadata are in conformity with Regulation (EC) No 1205/2008 multiplied by a hundred and divided by the number of spatial data services for which metadata exist as given by indicator "DSi1,2"
Art. 5 Monitoring of the conformity of spatial data sets with Commission Regulation (EU) No 1089/2010 on interoperability	DSi2	Number of spatial data sets which are in conformity with Regulation (EU) No 1089/2010 multiplied by a hundred and divided by the number of spatial data sets as given by indicator "DSi1,1"
	DSi2.1	number of spatial data sets corresponding to the themes listed in Annex I to Directive 2007/2/EC which are in conformity with Regulation (EU) No 1089/2010 multiplied by a hundred and divided by the number of spatial data sets corresponding to the themes listed in that Annex
	DSi2.2	number of spatial data sets corresponding to the themes listed in Annex II to Directive 2007/2/EC which are in conformity with Regulation (EU) No 1089/2010 multiplied by a hundred and divided by the number of spatial data sets corresponding to the themes listed in that Annex
	DSi2.3	number of spatial data sets corresponding to the themes listed in Annex III to Directive 2007/2/EC which are in conformity with Regulation (EU) No 1089/2010 multiplied by a hundred and divided by the number of spatial data sets corresponding to the themes listed in that Annex
Art. 6 Monitoring of the accessibility of spatial data sets through view and download services	NSi2	Number of spatial data sets for which both view and download services exist multiplied by a hundred and divided by the number of spatial data sets as given by indicator DSi1,1
	NSi2.1	Number of spatial data sets for which a view service exists multiplied by a hundred and divided by the number of spatial data sets as given by indicator DSi1,1
	NSi2.2	Number of spatial data sets for which a download service exists multiplied by a hundred and divided by the total number of spatial data sets as given by indicator DSi1,1
Art. 7 Monitoring of the conformity of network services with Regulation (EC) No 976/2009	NSi4	Number of network services which are in conformity with Regulation (EC) No 976/2009 multiplied by a hundred and divided by the number of network services as given by indicator "DSi1,2"
	NSi4.1	Number of discovery services which are in conformity with Regulation (EC) No 976/2009 multiplied by a hundred and divided by the total number of discovery services
	NSi4.2	Number of view services which are in conformity with Regulation (EC) No 976/2009 multiplied by a hundred and divided by the total number of view services
	NSi4.3	Number of download services which are in conformity with Regulation (EC) No 976/2009 multiplied by a hundred and divided by the total number of download services
	NSi4.4	Number of transformation services which are in conformity with Regulation (EC) No 976/2009 multiplied by a hundred and divided by the total number of transformation services
